

Boundary Adjustment Committee
Dec. 1, 2022, Meeting Synopsis

The Boundary Adjustment Committee held its second meeting on Dec. 1, with five HSD staff and a Rosedale parent on the committee attending in person and online. The Rosedale parent indicated she had not heard any complaints/comments from her community and noted some even expected the adjustment for their location. Members felt the current proposal should continue moving forward.

It was noted that there were 152 views of the English presentation and 10 views of the Spanish presentation on the [webpage](#) as of the morning of the meeting, and no emailed questions/comments. Based on the lack of comments, the Dec. 8 meeting has been cancelled as unneeded. The committee will monitor feedback from the Dec. 5 Hot News article to the broader community and reconvene to address these, if needed, at the next meeting on Jan. 12. A presentation as part of coffee with the Witch Hazel principal has been scheduled for Jan. 20; a Rosedale community meeting is to be scheduled around that time.
