

# Century Medical Provider

My name is Tera Roberts and I hold a Doctorate of Nursing Practice (DNP) and Family Nurse Practitioner license (FNP) received from Oregon Health & Science University with specialty in public /pediatric and rural health with a focus on health care system reform. My work history includes OHSU, Columbia County/Washington County public health, and private practice in Sleep Medicine. I have been practicing here at the Century School Based Health Center since May of 2015. I am an Oregon native and have been raising my large tribe of 9 children (age range 15-27) in the rural area of Vernonia, Oregon for almost a quarter century.

I spend most of my time attending school sports events/activities with my children or at the three different colleges where my older children attend school. I also spend time volunteering in my local community. I love a good home repair project, canning, gardening, sky diving, rafting, camping, chasing my grandchildren and favorite store is Home Depot. "Go Loggers!"

---

The Century School-Based Health Center is staffed with a licensed medical provider and mental health therapist who serve all students and employees of the Hillsboro School District.
