information at:
cindy.stagesacademy@gmail.com

ABOUT US:

We believe theater is for everyone! I'm a Star was created specifically for students high school through adult with special needs. Our goal is to teach those students the creative process of theater. Through this process, the students learn new skills, increase their confidence and become a part of a supportive community.

STUDENT REQUIREMENTS

- The student must be adaptable to the group/classroom environment without unduly disrupting the quality of the experience for others.
- The student must regularly attend class as this is not a drop-in program.
- The student must be free of conditions and behaviors that might not be manageable in a group setting including violent outbursts or behaviors (physical or verbal).
- The student must not need the constant one-on-one supervision by STAGES staff.
- The student must be able to eat and use the restroom independently. If the student is unable to perform these tasks without assistance, the student is responsible for providing his/her own personal caregiver as necessary.
