

# HILLSBORO HIGH SCHOOL VETERINARY TECHNOLOGY

Imagine working in the Veterinary Technology industry if your favorite subjects are:  
**Science, Stem or PE**

## IMPORTANT CHARACTER TRAITS TO HAVE:

IDENTIFYING  
EMOTIONS

EMPATHY

STRESS  
MANAGEMENT

RELATIONSHIP  
BUILDING

ANALYZING  
SITUATIONS

## WAYS TO EXPLORE:

### THINK

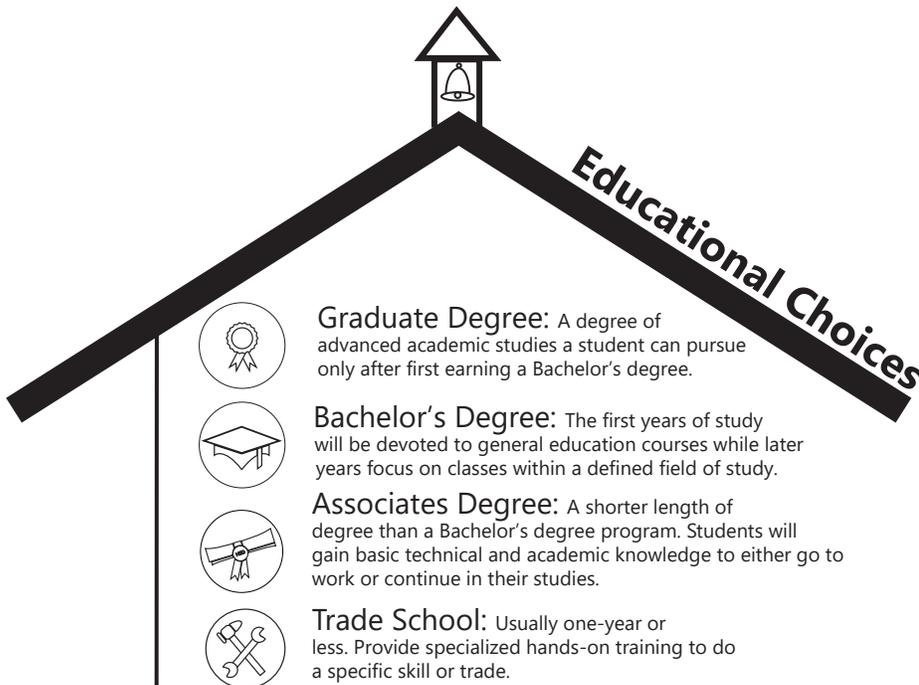

- What kinds of medical instruments do veterinarians use that are similar to what a doctor uses? How is it different to treat an animal as opposed to treating a human?

### CREATE

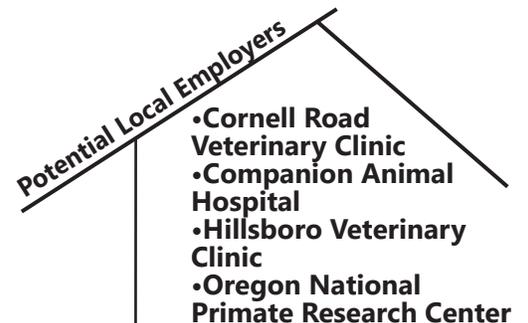

- Create a book about how to care for some of the most common pets that people have. What are important things for first-time pet owners of those animals to know?

### INVESTIGATE

- Choose your favorite animal and do research to learn more about it. Where does it live? What does it eat? How else can you explore in the area of **VETERINARY TECHNOLOGY?**
