

# LIBERTY HIGH SCHOOL SUSTAINABLE AGRICULTURE

Imagine working in the Sustainable Agriculture industry if your favorite subjects are:  
**Science, STEM or Math**

## IMPORTANT CHARACTER TRAITS TO HAVE:

SELF-EFFICACY

APPRECIATING DIVERSITY

SELF-DISCIPLINE

SOCIAL ENGAGEMENT

ETHICAL RESPONSIBILITY

## WAYS TO EXPLORE:

### THINK

•Think critically about where your food comes from. Choose one food product you like and research the food cycle from the field to your table.

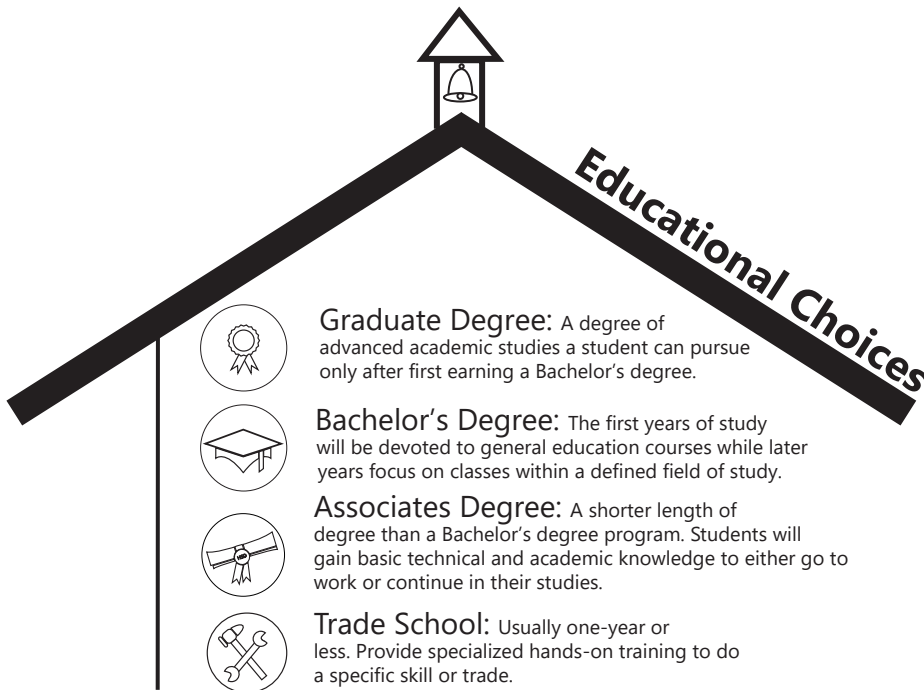

### CREATE

•Design a garden for your school. What kinds of plants will you plant? Will you compost?

### INVESTIGATE

•Why is it important to use environmentally responsible gardening and farming methods? How else can you explore in the area of

### SUSTAINABLE AGRICULTURE?
