## WAYS TO EXPLORE:

### THINK

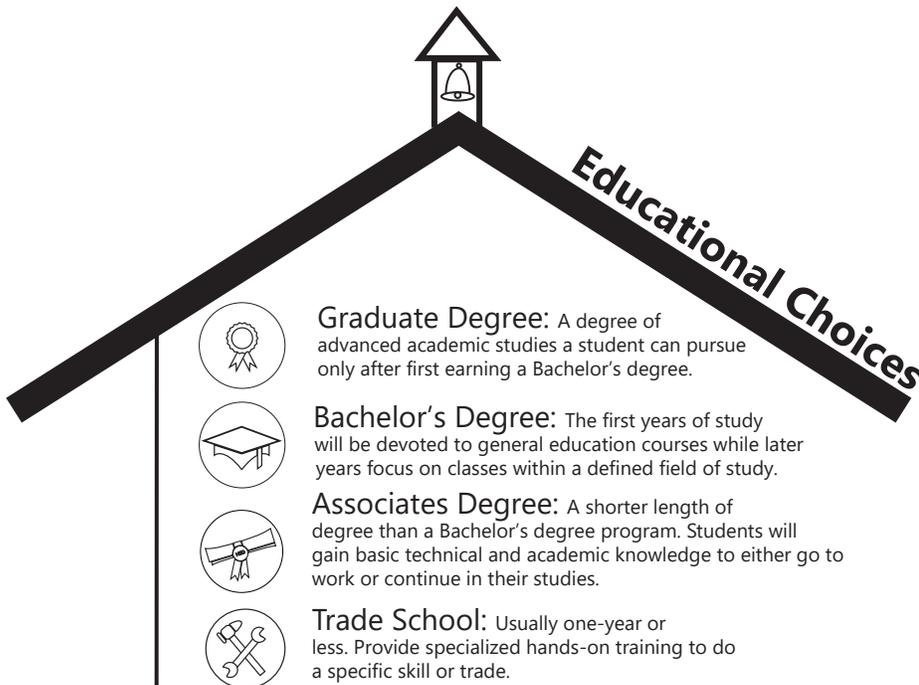

•What is your favorite song? Learn the words to your favorite song and think about what the lyrics mean. Try lip-synching the lyrics and acting along to the song.

### CREATE

•Write a 30 second monologue introducing yourself to the world. What are the things that make you great?

### INVESTIGATE

•Find a children's play to read either online or from the library. Read it with your family. What did you learn from the play? Which character did you like best? How else can you explore in the area of **TECHNICAL THEATRE?**
